

Innovate with Schneider Electric

With over \$1 billion in planned USA investment this decade, **Schneider Electric is committed to leading America in building a more efficient future.** When modern data centers face unprecedented thermal and energy demands, relying on slow, centralized supply chains is a liability. 3E takes pride in maintaining a massive inventory of electrical products from quality vendors like Schneider Electric, allowing us to combine global technological innovation with the localized agility and immediate availability needed to eliminate downtime and support modern electrical infrastructure.

FlexSeT Switchboards

Accelerate time to market and reduce lead times for your customers with locally built FlexSeT – a simplified, modular service model for switchboard design, sourcing, installation, and maintenance. UL listed, with ratings up to 2000A.

Annual Jacket Promotion
